Sheet 4

The chart displays the 'In/Out of Country Set / Region' for Profit and Sales across four regions: Central, East, South, and West. The Y-axis represents the 'Value' in thousands (K), ranging from 0K to 700K. The X-axis is divided into four main categories: Central, East, South, and West. Each category contains two bars: Profit (orange) and Sales (teal). The 'In' label is positioned to the left of the Y-axis, and the 'Out' label is positioned above the X-axis.

Region	Profit (K)	Sales (K)
Central	~30K	~500K
East	~90K	~680K
South	~40K	~390K
West	~110K	~720K

Detail	Tooltip

Stacked bar chart showing the percentage of total sales for 'In' and 'Out' customer ID sets across four regions: Central, East, South, and West. The Y-axis represents the percentage of total sales (0% to 100%). The 'In' set is represented by red bars, and the 'Out' set is represented by blue bars.

Region	In (%)	Out (%)
Central	~34%	~66%
East	~39%	~61%
South	~38%	~62%
West	~35%	~65%
